Lumber Dealers Protest Award To Coast Agent

Johnson of Montara Wins Lobitas Creek Bridge Project

Protests of San Mateo county lumber dealers to the awarding of a contract to Giles B. Johnson of Montara to supply lumber for the reconstruction of the Lobitas creek bridge one mile from the coast highway on the La Honda road were being received today at the courthouse.

Johnson, who is employed part time as right-of-way agent by the county at \$10 per day, recently announced that he was in the lumber business under the name of Johnson Lumber Company of Half Moon Bay, and submitted a bid of \$1905.50 for lumber for the bridge. His bid was low. Alvin S. Hatch having bid \$1918.23; the South San Francisco Lumber Company, \$1931.66, and the Burlingame Lumber Company, \$1932.67. Seven other firms submitted bids slightly higher.

KELLY ASKS VIEWS
County Purchasing Agent Stanley Kelly, who called for the bids, upon learning that Johnson's bid was low, asked the district attorney's office for an opinion as to whether Johnson was eligible to bid, in view of his working for the county.

Assistant District Attorney Daniel Sullivan reported that only executives could not supply municipalities with materials, and consequently Johnson's offer could be legally accepted.

PROTEST AWARD
Other dealers are protesting to Kelly and Controller Edward M. Stack that Johnson is not a "legitimate" lumber dealer and that they believe he should not have the business.

Two hundred eighty kinds of orchestra trums are used in India; Hindu bands often use 25 of them in a single band.

'AL' SULLIVAN LOSES LIFE AS AUTO STRIKES REAR OF TRUCK ON BAYSHORE

Two Wheaton Girls Badly Injured, 'Bob' Steiner Is Bruised In San Carlos Mishap

What was to have been an evening of pleasure turned into tragedy at 9:15 o'clock Monday night when one Sequoia Union High School alumnus was killed and three others were seriously injured in a terrific crash at San Carlos.

The dead youth is Albert William ("Al") Sullivan, 18, graduate of Sequoia a year ago.

Injured are Katherine Wheaton, 20, also a graduate of 1934; her sister, Mary Elizabeth, 19, and Robert Steiner, 17, both of whom were graduated at Friday night's commencement, at which Steiner was one of the two student speakers.

DEEP CUTS SUFFERED
Katherine Wheaton is suffering from a deep laceration over her forehead which nearly scalped her, shock and loss of blood; Mary Elizabeth suffered a deep cut over her left eye and bruises, while Steiner was bruised and scratched and is suffering from shock. All were hit by flying glass.

The Wheaton girls, whose home is at 235 Sanson street, Redwood City, are in Community Hospital at San Mateo.

Steiner, who did not require hospital treatment, was at his home at 339 Ninth avenue, Dunbarton Oaks, today. He is the son of Mr. and Mrs. C. O. Steiner. The Wheaton girls are daughters of Mr. and Mrs. John C. Wheaton.

Sullivan, who lived with his widowed mother, Mrs. Katherine Sullivan, at 202 Pope street, North Palo Alto, died instantly from a basal fracture of the skull. His body is at the Layng and Timney Funeral Home here.

RAMS REAR OF TRUCK
The accident happened, according to state highway patrolmen and witnesses, when the car driven by Sullivan ran into the rear of an old Ford truck on the Bayshore highway at the south entrance of San Carlos.

At the time the truck, then a Steiner, which was owned by the Steiners, rolled over several times.

According to two witnesses, Drexel Ross and Martin Nelson, both of San Francisco, Sullivan was reportedly driving fast at the time of the crash. The witnesses also reported, according to the officers, that the tail light of the truck, which was driven by Vincent Orlando, 53, of 453 Anderson street, San Francisco, was dim.

PLANNED EVENING IN S. M.
Both machines were travelling north, the four young people planning to spend the evening in San Mateo, which was reported. It is believed Sullivan never saw the truck which he struck.

Sullivan, who attended the Ravenswood school before entering Sequoia, was extremely well-known in the local high school, in Redwood City and in Palo Alto. He was an unusual journalism student, and in his senior year at the school had been commissioner of publications and editor of Sequoia Times, student newspaper. Sullivan was a swimmer while in high school. He had won his Block S in swimming and water polo.

Since his graduation, Sullivan had done publicity work, had been employed on a temporary basis by The Tribune on several occasions, and recently had worked at the White Log Tavern on University avenue and The Circle in Palo Alto.

RECOVERY EXPECTED
All the injured are expected to recover, but hospital attaches today reported that the gashes in the foreheads of the two Wheaton girls probably would leave scars. Katherine Wheaton since her graduation had been employed part time in the city library. Mary Elizabeth Wheaton was a popular student, and was a member of the girls' council at the school last year.

Sullivan, whose mother is employed by the state board of cosmetology in San Francisco, leaves also a brother and two sisters: Mrs. Lee Sterling and Mae Sullivan, and Louis Sullivan.

Sullivan's death was the third in two days in San Mateo county, day night in the north end of the county. It was the county's 30th death from traffic accidents this year.

Suspect May Plead To Lesser Charge

Harry H. Thompson, due to be tried Thursday for the third time on a charge of stealing tools from the San Mateo high school, may plead guilty to a reduced charge of petty theft, thus saving the county the expense of another jury trial, it was indicated today by Deputy District Attorney Louis B. Demattei.

McGrath Urges Rogers Street Will Be Linked To Bayshore

County to Pay \$50,000 Pledge

Declaring that he has "no doubt that the spirit of fair dealing" will prevail, Congressman John J. McGrath from Washington today urged the San Mateo County Board of Supervisors to meet the \$50,000 Sunnyside debt.

McGrath asserted the base was "one of the most valued of the material assets of the San Francisco bay area" and said it would "remain a permanent part of the national defense" notwithstanding the loss of the Macon.

The congressman was chairman of the San Mateo County Airbase Committee at the time of the Sunnyside activity, he recalled today, and said that the San Mateo county sites were withdrawn when it was found that the fight was between Northern and Southern California.

McGrath recalled that at a meeting in the St. Francis Hotel in San Francisco he withdrew the field and promised the backing of San Mateo county for Sunnyside.

"All members of the board of supervisors were present and jointly and collectively supported my statement," he said. "Subsequently in its official capacity the board of supervisors of our county in regular meeting adopted the necessary resolution approving the pledge of San Mateo county for \$50,000 for this purpose."

Continuing McGrath said: "The United States Government accepted the Sunnyside field, now named Moffett field, in honor of the admiral, and has expended millions of dollars in development and improvements. Regardless of the unfortunate loss of the Macon, this field is a permanent part of our national defense, and it is one of the most valued of the material assets of the San Francisco bay area."

"If it is unnecessary to enumerate the many reasons for meeting this obligation, I believe that at a time when we are confronted by many problems which bind the bay area together as a single unit, if these problems are to be solved, it is to our material advantage to show our good faith to the other contributing bodies by redeeming our pledge upon which the others have relied."

"I have no doubt that the spirit of fair dealing will lead the board of supervisors to take the necessary steps to preserve our reputation of good faith toward our neighboring communities."

Sadler Makes Denial Of Law Violation

In a statement to the press, W. H. Sadler, local plumbing supply dealer, vigorously denied that he had infringed on the plumbing contractors' law, with which he has been charged by Nicholas J. Morrissey Jr., state inspector.

The charge is that Sadler took the entire assignment for labor and materials for a plumbing job from W. H. Lafferty, a plumber. As Sadler is only a supply dealer he is not permitted to take an assignment for labor.

BURLINGAME WOMAN DIES
BURLINGAME, June 12.—Mrs. Elizabeth Tracy, resident here for the past 12 years who died in Gilroy yesterday, will be buried tomorrow morning at 10 o'clock from the St. Mary's Catholic Church there. Two children, Harry, San Mateo junior college student, and Catherine, Burlingame high school student, survive, as does a sister, Mrs. Georgiana Tracy.

BAXTER HERE
Warner Baxter, who stars in "Such Women Are Dangerous," playing at the Redwood Theatre Sunday and Monday. Also on the same bill is Tim McCoy in "Square Shooter."

Rogers Street City Planning Board Tables Broadway Extension

Extension of Rogers street to the Bayshore highway to form a north entrance to Redwood City from that artery was approved Monday night by the city planning commission.

As a result, at next Monday's meeting of the city council, that body will be asked to approve the work, which will involve cutting through the street about one-fourth mile and paving it, probably with rock for the time being.

Cost of the work, according to City Engineer Charles Dimmitt, will probably be slightly more than \$4000.

Approval of the project was given after Charles Holt and L. E. Werder, local realtors, appeared on behalf of the Tacoma Land Company of San Francisco, owners of the property involved, to advise the commission that that firm would deed the property to the city for the purpose free of charge. About an acre of land is involved. Construction of an 80-foot right-of-way, the same width as Rogers street at present, was decided upon by the planning commission.

BROADWAY PLAN TABLED
Extension of Broadway to the Bayshore to make a south entrance to Redwood City, also proposed at the May 6 council meeting by Councilman Evans Fletcher and later referred to the planners, failed to meet the favor of the commission, with the result that the suggestion was tabled.

After hearing a report of Building Inspector I. C. Drathman on the controversial second house built by R. X. Eubank on his Avondale avenue residence, the matter was referred back to the city council with the recommendation that it should work out a solution of the problem.

No further discussion of grade separation projects in the city was held.

Present were Commissioners Henry Witte, chairman; John Gill, Daniel Stafford, Edward Allen and John Layng. Also present was City Manager E. A. Rolison.

MARCHI AGAIN HEADS ITALIANS

Installation and Picnic Are Planned Soon For Local Club

With installation set for July 10, newly-elected officers of the Italian-American Progressive Club were today making plans for the coming year's work.

Re-elected as president, Remo Marchi will head the organization this coming year. He will be assisted by A. Dal Paragetto, first vice president; Henry Ferrando, second vice president; Calisto Grandi, secretary; Natale Gagliasso, treasurer; G. Baldacchini and D. Baccelli, sentinels, and Paul Albertoli, Domenico De Giovanni and Joseph Meconi, trustees.

The board of directors will be comprised of Louis B. Demattei, Amerigo Rossi, Antonio Bertolucci, Louis Seriano, Cesare Silvani, P. Locatelli and Ralph Oneto. Tickets for the picnic and dance which will be given Sunday, June 30, at the Varsity Park near Portola, in conjunction with other Italian clubs of the county, are now being sold by club members, who declare the affair promises to be one of the largest events of its kind this year. Ernest J. Armando of Daly City is chairman of the committee in charge of the picnic.

Airplane Radios Unusual Order

If the modern two-way radio is envisioned as a medium for transmitting only crackling, important orders to the big transports in the air, here's disillusionment.

Along the coast-to-coast airway radio operators and pilots chatted recently over the order that reached Salt Lake City from an approaching United Air Lines' plane.

"Be sure to have one dozen diners at the ticket office when the plane arrives," radioed the pilot.

The necessary articles were ready for the mother and her twenty-eight day old son, concluding a transcontinental flight.

In the Lake Superior iron ore district are 75 mines from each of which more than 5,000,000 tons of ore was shipped in their period of activity.

PENINSULANS HURT IN CRASH IN NEBRASKA

Richard Fanto's Wife And Daughters Hurt On Way to East

Mrs. Richard Fanto and her two daughters, Katherine and Constance, of Atherton, were recovering today in a Kearney, Neb., hospital of serious injuries incurred in an automobile accident, the Associated Press reported from the Nebraska city.

The Fantos were injured late Saturday, it was learned in a traffic mishap. They were driving to New York City to join Mr. Fanto, who has been there six months on business.

The Fanto automobile was demolished and the three were taken to a hospital in an unconscious condition. Details of the mishap were not learned.

Local Men Begin 'Quake Proof Work

Removing the plaster from the ceilings and walls of the lower corridors of the main building at Sequoia Union High School, workmen today began the preliminaries to "earthquake-proofing" the school.

P. J. Walker and Company, awarded the contract on its low bid of \$53,722, is hiring all local men except the foreman to do the work. School Principal A. C. Argo said today.

The reconstruction of the buildings, according to a clause in the contract, must be completed before August 1, date when school will convene.

The beautiful Tyrian purple dye is made from the glands of Mediterranean Sea snails.

COUNTY WINS \$600,000 SUM ON STOCK FAIR

State Assembly Votes Approval to Fund For Exposition

An appropriation of \$2,815,000, including \$600,000 for the construction of state and county fair buildings and improvements, was approved today by the assembly, the United Press reported.

The bill provides for allocation of funds available for construction of public works in behalf of unemployment relief, subject to approval of the state department of finance.

Allocation of funds to state and district agricultural societies would be as follows:

Alameda \$75,000; San Francisco and San Mateo \$600,000; San Joaquin \$50,000; Sonoma and Marin \$50,000; Santa Clara \$65,000; Los Angeles \$600,000; Monterey \$25,000; Humboldt \$24,000; Siskiyou \$14,000; Lake and Mendocino \$17,000; Sutter and Yuba \$16,000; Kern \$40,000; San Luis Obispo \$17,000; Placer \$14,000; Fresno and Madera \$75,000; San Diego \$75,000; Contra Costa \$35,000; Tulare and Kings \$50,000; Napa \$13,000; Shasta \$10,000; San Bernardino \$35,000; Tehama \$10,000; Ventura \$25,000; Orange \$60,000; Merced and Mariposa \$20,000; Santa Barbara \$35,000; Stanislaus \$3,000; Del Norte \$6,000; Glenn \$8,000; Lassen \$8,000; Imperial \$40,000; Riverside \$40,000; California State Fair, Sacramento, \$600,000.

GETS BERRY IN NOSTRIL
Sherman Mosier, three-year-old son of Mr. and Mrs. Cecil Mosier of 48 Devonshire street, was back at home today after a night in the San Mateo County Community Hospital where the child was given an anesthetic to permit extraction of a berry which had become lodged in his nostril.

1915 Act Fund In Menlo Park Short \$18,735

Redwood City Council Also Has Session On Problem Here

An \$18,735.44 shortage on street improvement bond principal and interest will be faced by Menlo Park on July 2, the Menlo Park City Council was informed Tuesday night.

That statement is contained in an audit of the street bond structure completed for the city yesterday by Lawrence Scudder & Co.

Total requirements for interest and principal to July 2, 1935, will amount to \$30,101.81, the audit sets forth. Funds available at that time will total \$11,366.37, leaving a shortage of \$18,735.44.

TAKE SATISFACTION
Councilmen took satisfaction over conditions revealed by the audit, pointing out that the delinquency is less than anticipated, thus indicating that Menlo Park property owners are meeting a greater proportion of their street improvement assessments than before. Had the past rate of delinquency continued, City Attorney James O'Keefe Jr. said, the shortage on July 2 would be considerably greater than \$18,735.44.

"Frankly, I am elated," O'Keefe remarked.

In accordance with a ruling of the state supreme court, based on a petition of the Union Safety Deposit Bank of Stockton, the city will be required to levy additional taxes during the 1935-36 fiscal year to apply on the bond delinquencies. The bank in question owns slightly less than \$10,000 of the bonds.

For best popping results, popcorn should contain 14 per cent moisture.

HAWAIIAN VIGNETTES

XII
By Frances Parkinson Keyes
I must say aloha to the Islands, and this time, aloha, which has so many different interpretations, means "farewell to you until we meet again."

The Royal Hawaiian Band, stationed upon the dock, is playing poignant and exquisite music. The pier is packed with people who have come to watch the liner glide away. They are standing with outstretched hands and upturned faces, shouting final greetings, catching at rainbowed tinted paper streamers tossed to them from the deck. Aboard ship, there is a repeated banging of warning gongs, and leather-lunged bell-boys are persistently shouting "All ashore that's going ashore. But no final guests' attention to them. The cabins are crammed, the corridors are crowded, and excited throngs surge through the public rooms. Toasts are being drunk to the health of those who are leaving and those who are staying behind; and around the voyagers' necks are flung a succession of leis—ginger plumaria, maua loa, carnation, pansy—so many that they are almost smothering in their sweetness and weight.

Finally the last visitor is shoved ashore, the gangplank is lifted. The last copper-skinned beach-boy dives for a slight consideration—from the topmost deck into the churned water. The ship steams slowly out towards Diamond Head. An escort of smart speedboats, buoyantly cleaving through the blue water, cut fanciful figures in the sea as a skater cuts them in the ice. The hair of their swirling sterns, is swept backward by the breeze. Along the shore, mirrors which are being twisted and turned, lowered and raised in the sun, as a final salute, flash with the brilliance of jewels. Airplanes sweep overhead in faultless formation. Beyond the green hills sloping away in the distance glittering rainbows arch in iridescent splendor. Is there any other place on earth where a ship leaves port amidst such scenes of varied enchantment?

On the lanai next to my own, a young Hawaiian princess, standing erect above the trailing vines and bright flowers suspended from her balcony, takes off one of her leis, and with a lingering caress, casts it into the ocean. I know that she has made a wish while doing this, because, according to tradition, leis which float safely on to shore represent fulfilled wishes. So I too begin to take off leis, not without reluctance, for I do not know when I will have any more. But, like most women, I am not unswayed by superstition—and also like most women—I have many wishes which are unfulfilled.

But all those which I make are not for myself. Some of them are for the lovely land which I am leaving. I realize, all too well, how much she needs good wishes. She has been admired and acclaimed, it is true; but she has also been slighted and

betrayed. Many of the strangers who come, in holiday mood, to see her, visit her briefly and casually. Her splendors dazzle them but her spirit eludes them; and they make no effort to capture it. So I wish—silly by those Mainlanders who are fellow citizens of the Islanders, I wish that her true and rightful status as a territorial part of our own great republic may be universally recognized and widely proclaimed. I wish that she may share in our benefits as she has shared in our burdens. I wish that she may come into her own, and that her own may bring her prosperity and peace and joy.

I wish all these things with all my heart. Aloha Hawaii!

XIII
On Board the S. S. Lurline
No one who travels from California to Honolulu on this boat or one of its sister ships needs to be reminded that the Hawaiian Islands are part of the United States. Indeed, the happy wanderer is very likely to lean over backwards, and decide that the Pacific Ocean is an integral part of Hawaii!

This is because a typical Hawaiian lanai leads out of the fortunate voyager's large luxurious stateroom. The lanai is bright with bamboo furniture and straw rugs and shaded lamps; it is adorned with fruit and flowers. On three sides, walls, ceiling, and floor, are enclosures of aquamarines, turquoise, and coral, with all its changing moods, is framed by this embrasure. There is nothing to obstruct the view, no distraction of detail as there is on deck, no commanding smoke-stacks, no caterpillar-shaped ventilators, no carefully corded life-boats; no tinkle of glasses, no clatter of voices, no strains of music and tapping feet, as there are in the clubroom and the dancing pavilion. Only the sea and sky in complete union with each other—and with the lanai! So certainly they must be an integral part of Hawaii!

First there is the San Francisco skyline, perpendicular, provocative; then the Golden Gate bathed in splendor at sunset; and when this radiance has faded, comes the first wall of the Pacific, white-caps on the mounting waves, gray clouds scurrying over a darkening horizon. Then a gentle, billowing sway, indolent, monotonous, incessant; afterwards quicksilver water, quicksilver atmosphere, a light breeze playing around your shoulders, soft sunshine falling on your face; persuasive warmth, insinuating language, a sense of tranquility and detachment. Gradually the waves turn to sapphires, the sky to turquoise; the clouds become a golden bank, from which a scintillating rainbow arches to the zenith of the heavens. There are silvery stars and a sickle moon, and underneath these, a lighted ship, passing so close to your own that it almost seems as if you could stretch out your hands and touch it. The lanai frames them all.

But we do more than contemplate all-encompassing beauty on the lanai. We read and write and sew; we dry our hair; we take sun baths. We drink coffee in the morning, tea in the afternoon, cocktails in the evening; we eat fruit at all hours. Not always alone. This is a logical setting for hospitality. The bridge table is put up, little swirls of cigarette smoke rise curlingly, someone hides a small slum—and makes it. The perfect steward, hovering in the background, offers crisply folded napkins, tiny glasses filled with translucent liquid, diamond-shaped canapés, plump black olives. We are having a party—which, whether anyone has ever told you so or not, is one of the most popular sports in Hawaii. Not an indoor sport either. That is where the lanai comes in again!

The one harsh note in this perfect setting is the resentment one finds expressed everywhere against the Jones-Costigan Act as it applies to Hawaii. We are sorry to see a paradise so unnecessarily disturbed. That Hawaii is an integral part of the United States one has never occasion to doubt in that progressive community, yet by the proposed legislation, Hawaii is to be treated as though she were an insular possession or a foreign country! The arm of legislation, too often, reaches farther than its eyesight.

The "longest gangplank in the world" may extend across the Atlantic. I have seen reliable announcements to the effect that it does. But when you embark on this ship you do not need a lengthy gangplank. You are in Hawaii from the first moment that you step out on your lanai.

SEE for yourself
THE RIGHT AND WRONG OF
LAMPS AND LIGHT!

RIGHT... At a distance of 1½ feet from this lamp a minimum of 20 units of light are procured. This quantity of light scientists say is needed for reading fine print.

WRONG... A decorative lamp of low height and narrow shade. At a distance of 1½ feet—the correct seeing distance—only a few units of light are produced. Such a lamp causes eyestrain.

Without cost to you a P.G. & E. sales-service representative will gladly check your home lighting with a Sight Meter

NOW you can have a lamp designed for eye comfort as well as ornamental and decorative beauty. It is the lamp designed by the Illuminating Engineering Society to meet the need of Better Light for Better Sight. Due to remarkable improvements in design, this lamp is unlike the many ordinary lamps you may now have in your home or have seen for sale on the bargain counters.

Here are four good reasons why these radically different lamps give you more light for your money and protect the eyesight of every child, youth or adult who uses them for reading, study or sewing.

It gives several times as much light as the ordinary lamp because the shade is wide at the bottom and open at the top and gives light a chance to spread over a wider area.

It gives soft, diffused light without glare because of its inside opal glass diffuser and reflector.

It gives light from correct height because the standard is high enough to allow light to spread where you need it.

It gives beauty and decoration because more symmetrical proportions between shade and standard are possible.

Protect your eyes and the eyes of your family with one of these new lamps. They are made in either floor or table models. Prices are very moderate and within the range of everyone.

MENLO PARK

On Thursday, June 20, the Feast of Corpus Christi, the Dominican Nuns of Corpus Christi Monastery, Menlo Park, will honor the titular Feast of their monastery by a special celebration.

Solemn high mass will be sung at 9:30 by the Dominican Fathers of the College of St. Albert, the Dominican House of Studies in Oakland. The Dominican Students who will accompany the Reverend Fathers will form the outdoor procession which will lead to an altar erected for the feast in the garden in front of the chapel.

Benediction will there be given. The students singing the hymns to the age-old chant of the order. The nuns extend a cordial invitation to all their friends to be present upon this happy occasion, it being not only their titular feast, but also their celebration of the 40 hours devotion.

The three acres of land fronting on Glenwood avenue, Menlo Park, belonging to the O'Keefe estate, were sold this week to the trustees of the Menlo Park Grammar School to be used as a playground. The property adjoins the school which was the first purchase of the tract, which originally consisted of six acres.

Miss Catherine Maloney, Miss Grill and Miss Jane Doyle were graduated as nurses from St. Mary's Hospital, San Francisco, and will follow their profession in the metropolis.

Mr. O'Kane, new proprietor of the Palm Hotel, gave a barbecue to his peninsula friends yesterday at the hotel grounds, with 100 persons enjoying his hospitality.

Miss Muriel Maloney and Miss Agnes Sullivan of Menlo Park, left Saturday on the Malolo for Honolulu for a month's vacation. Both are teachers in the Redwood City schools.

The Misses Cecelia, Mary and Grace Carelton will shortly depart for Santa Barbara to spend a month there.

There is not a vacant dwelling in town. As soon as a house becomes empty it is rented immediately. A cottage on Pine street became vacant one day last week and before night six applications were made for it.

Mr. and Mrs. W. H. Weeden, their daughter, Isabelle Weeden Lindquist, and her children, Emma Roberta and Billy, are spending the week-end in St. Helena with friends. They will attend the Yountville American Legion Pilgrimage. Governor Frank Merriam will be in attendance. Several

Driving Without Feet Brings Man Citation

SAN MATEO, June 11.—Robert Skinner of San Francisco put his foot into trouble yesterday. In fact, he put both feet in.

Livernore rode-bound, he was riding along the Bayshore highway near San Mateo Sunday, singing "Home on the Range."

But traffic officers didn't like it because he allegedly had both feet out his left hand window, so today he is out on \$50 bail to appear Friday before Judge Arthur Stetson here to answer to the charge into which his feet got him.

More than 800 tons of poison ivy leaves were used in recent experiments, which subsequently identified the poison in the ivy as urushiol, a distant cousin of car-bolic acid.

Groups of children from both the Redwood City and San Jose studios will furnish varied entertainment including music, dancing, fancy batoning, drum caps.

Ex-Cashier to Plead In Court on Monday

John C. Hamilton, charged with theft of \$1,644 of Swift and Company's South San Francisco plant funds while he was cashier for the firm, will plead to the charge next Monday, it was decided Monday afternoon when he was arraigned before Superior Judge McNeill.

Hamilton, in lieu of \$5,000 bail, has been held in the county jail here since his arrest last month. He was cashier for Swift and treasurer of an employees' association in the firm for 14 years until a few months ago when he was discharged under a cloud of suspicion. Since that time he had lived with his wife and son in Santa Clara.

Police Fail to Get 'Phantom Cop' in S.F.

The elusive "phantom bandit," who stops motorists by means of a siren on his white motorcycle and then robs them, is now back in Santa Clara county after escaping from a trap laid for him in San Francisco, according to information received by Capt. Paul Perussina of the state highway patrol, who has been working on the case.

Captain Perussina thought last week an arrest of the fake officer was near, but he has again eluded police, it was reported to the local highway patrol office.

85 AT EXCHANGE PICNIC

Approximately 75 members, wives and friends of the Redwood City and Palo Alto Exchange clubs were in attendance at the barbecue and picnic Tuesday at Varsity Park. Deputy Sheriff Leland Quinlan was in charge of the barbecue, while Jack Fox and C. L. Stokes comprised the general committee.

\$25,000 Bond Vote For Schools Planned

BRISBANE, June 11.—A special election to vote on a \$25,000 bond issue to purchase a site and build a three-classroom school in Brisbane was decided upon last night when the Visitation Valley school board met there.

At the election also, voters will be asked to decide upon a 15-cent increase in the general school tax to secure sufficient funds for salaries and maintenance for the coming year.

The board has an option on two sites in Brisbane. It plans to seek a 45 per cent grant from PWA and borrow the other 55 per cent of the cost from the federal government at 3 per cent.

Tentative approval was given at the meeting to an \$11,525 budget for the coming year. The budget for the year just closed was \$12,324. A public hearing on the new budget was set for August 3. The board renewed contracts for the six teachers employed in the Brisbane and Bayshore elementary schools.

Coast Worker Sought After Wife Injured

SALADA BEACH, June 11.—Joe Marsili, 44-year-old ranch worker, was being held today by officers after he allegedly beat his estranged wife, mother of six children, with a rolling pin, inflicting severe injuries, including a broken arm, cuts and bruises, on her. Mrs. Marsili is being treated at Villa Sanitarium, Daly City.

Number of persons employed by the aviation industry has increased from 462 in 1927 to in excess of 6,000 at present.

Thirty years ago, Holland's prison population totaled 38,000; now it is 23,000. Fifteen prisons have been closed.

SPROUSE-REITZ STORE NOW READY

**WIDE VARIETY OF ITEMS
PRICED FROM 5c UP TO 49c
OFFERED BY NEW FIRM**

Self-Serve Fixtures
Feature of New
Store Here

Announcement was made today that the Sprouse-Reitz Co., Redwood City's newest mercantile institution, will open its doors for business tomorrow morning at 8 o'clock.

The new store is a 5, 10 and 15c store with nothing priced over 49c and occupies a location at 2621 Broadway in a store completely rebuilt for the Sprouse-Reitz organization.

The store has more than 10,000 square foot of floor space and extends an entire block through from Broadway to Montgomery street.

Latest self-serve type of fixtures have been installed to speedily serve the public and ample aisle space is provided. There are 17 separate departments in the store, consisting of candy, stationery, notions, jewelry, novelties, dry goods, toilet goods, toys, glassware, hardware, unfinished furniture and special goods.

The headquarters of the organization are located at Portland, Ore., while warehouses are situated in Oakland and Los Angeles. Mr. R. A. Sprouse is president and Mr. J. A. Sprouse is treasurer.

The company was originated in Idaho in 1914 and today has 120 stores in the Pacific region.

The stores are located in California, Washington, Oregon, Utah, Nevada, Arizona and New Mexico. The group is divided into 11 districts and Mr. Oscar Stark is in charge of the central California group. Mr. Paul Noble is the local manager for the organization.

A large group of local girls have been employed as clerks and have been trained in the Sprouse-Reitz merchandising system which features courtesy to the customer at all times.

A feature of the architecture of the Redwood City store is the brilliant "Miranda" front which is a new-type composition never before used in this vicinity, trimmed with silver leaf letters and metal bars. The local store will also feature clear-vision windows which allow the customer to see the entire store from the sidewalk. Neon signs mark each department. It is the only 5, 10, 15c store on the coast featuring this type of construction.

**Hohberger Is Named
To Aid Fair Program**

Roy A. Hohberger, local secretary of the Young Men's Christian Association, has been appointed on a committee for promotion of Toastmasters Day at the San Diego Exposition Saturday, July 6.

The main event for Toastmasters will be the presentation of a Toastmasters' program in the auditorium of the exposition House of Hospitality. A typical program will be put on by a club group on the big stage. About 700 can watch the proceedings. In addition the affair will be broadcast to all parts of the grounds by a public address system.

An effort is being made to secure as one of the speakers on the program a member from either

Ice Refrigerator Loans Available At FHA Bureaus

The new air conditioned ice refrigerators may now be purchased under the liberal easy payment plan offered by the Federal Housing Administration according to an official communication recently received from Washington by ice distributors in California.

If the refrigerator is secured permanently to the building either by connections to the drain pipes or other plumbing or by any other system within the definitions of the Federal Housing Program of the FHA, it properly qualifies for Federal Housing Act loans.

Methods of permanent installation were demonstrated to thousands of persons attending the Better Housing Exposition recently held in Los Angeles, and many new ice refrigerators have already been purchased throughout the state under the provisions of the National Housing Act.

Oil Station Holdup Brings Quentin Term

Although he had maintained that he had never been in this county before his arrest, John Kulick, alias Opal Jones, late Monday pleaded guilty when he appeared before Superior Judge Maxwell McNutt to robbing a Standard Oil station near Lawndale. He was sentenced to San Quentin prison. Kulick was arrested by Under-sheriff Lawrence Nieri and bay city officers at his room in San Francisco. In the room was found the gun allegedly used in the hold-up. About \$15 was secured from the station attendant at the time by Kulick and another man, whose name is in possession of Nieri. The pair were using a stolen machine, which was later recovered. Information received by Nieri from identification bureaus revealed that Kulick had served a 7-year term on Alcatraz Island several years ago for assault and desertion from the United States Army. Kulick maintained, however, that he was only 23 years of age.

Confronted with the information secured by Nieri, Kulick confessed the robbery and implicated the other man, who is now being sought by the officers, according to Nieri.

Campbell Holdings Valued at \$264,721

George Campbell, who died last August 4, left an estate valued at \$264,721.88, it was revealed today when an appraisal of the property, made by H. C. Tuchen, was filed in superior court.

The estate consists mostly of stocks and bonds, \$186,423 in cash, and real estate, valued at \$55,655.

The property, after several charitable bequests, was willed to Campbell's wife, Sena, and son, George.

SEWER SYSTEM PROTESTED

Protesting that the cost would not justify the results, Dr. Edmund Walter and Capt. Siegfried Olsen today petitioned the board of supervisors not to include their property in the proposed sewer district at Montara, on the coast side.

The Redwood City or Palo Alto Toastmasters' clubs, according to Hohberger.

Scott Seeking Engineer's Pay In Court Plea

Official Says Status
In Post Not Up
For Decision

Proof that he intends to "fight to the last ditch" for his office was given by Carl Scott Tuesday when he went to court to collect his salary as county engineer since he was unsuccessfully "ousted" April 29.

Through Attorneys Fred W. Combs and Ernest Wilson, Scott petitioned the superior court for a writ of mandate to force Controller Edward M. Stark to pay him the engineer's \$400-a-month salary pending final settlement of the status of the engineer's office.

The suit does not seek to determine whether Scott or Urban S. Marshall is legally holder of the office. It merely seeks to collect pay for Scott until such time as the court shall decide who is holder of the office.

MARSHALL'S NEXT MOVE
Combs and Wilson, in petitioning for the writ, explained that it was their contention that Scott is legally engineer, and that if Marshall wants the office it is up to him to take court action to secure it. This Marshall has done once unsuccessfully. His attorney Joseph J. Bullock, has said he will again go to court to install Marshall as engineer, but today said he would wait until served with a copy of the writ sought by Combs and Wilson before determining what action he would take.

Explaining their action, Attorney Wilson said that prior to 1891 the law provided that neither of the parties in a contest over an office could be paid, but that in that year the law was amended so that an incumbent holding the office and performing the duties of that office could get paid. Wilson cited as authority Sections 926 and 937 of the political code.

CLAIM SCOTT ENGINEER
This suit leaves the matter of determining who is legally holder of the office up to the other side, Wilson, who was attorney for the framers of the county charter, a provision of which is involved in the dispute over the engineer's office, said. "We claim that Scott is both 'de jure' and 'de facto' engineer," he said, "by reason of his commission and 'de facto' by reason of his performance of duties pertaining to the office."

"Why should Scott spend his money to prove he is in office? Our contention is that Marshall should institute quo warranto proceedings if he wishes to obtain the engineer's job."

Superior Judge Maxwell McNutt was expected this afternoon to sign the order for a writ of mandamus and to set a date for hearing of the application.

**Fire Hydrant Broken,
Man Hurt in Crash**

When he admittedly fell asleep driving through Redwood City en route to his home at 3:20 a.m. Tuesday, according to police, E. Espinosa of San Jose was slightly injured and a fire hydrant at James street and El Camino Real was sheared off when struck by his car.

Although complaining of a pain in his chest, Espinosa refused medical treatment, according to Police Officers Fleishman and Flynn, who investigated the crash and called city water department employees, who labored the rest of the night, under direction of City Engineer Charles Dimmitt, repairing the damage.

SAFETY STORES FEATURE NATIONAL LAMB WEEK SOON

Mary, it seems, will not be the only one to have a little lamb this week.

As a matter of fact, the dates from June 17 to 22 have been selected for National Lamb Week in Safety Stores—and it is expected that several hundred thousand pounds will move to market as a result. Many sheep-raisers in this area will benefit from the event.

Started four years ago at a time when the sheep industry faced ruin because of weather and marketing conditions, the event has proved a vital aid to growers throughout the western states. Each year since 1931 it has moved thousands of lambs into consumers' hands and brought ready cash for producers.

Safety Stores' National Lamb Week was originally developed by the company as a feature of its "Grower-Consumer" sales program. More than 3,000 stores will take part in this year's lamb sales drive.

The event gives housewives an opportunity to get the choicest lamb in a wide variety of cuts. Chops and roasts are particularly delicious at this time of the year according to Safetyway officials, and the current price of other quality meats.

Local Native Sons Open Park Sunday

With a big bean dinner, rolls and coffee on the menu and dancing and entertainment scheduled, the Native Sons of the Golden West will hold their annual opening of the Native Sons' Park at Tunitas Glen, near King's Mountain, Sunday.

Music will be furnished by the Native Sons' own "Hill-Billy" five-piece orchestra which will play at Bear Lodge at the park.

Roads, according to the organizers, are in fine shape. The bean meal will go on the table at noon, although the celebration will start in the morning and last all day.

Committee in charge includes Clarence Junker, Willis Leslie, Richard Driven, Edward Holmquist, Louis Lodi, George Locatelli, Henry Tarrat, James McKay, Curtis Rayer, Charles Rayer, George Driven and Oscar Salzberg.

Autoist Says Guilty To Driving Charges

Pete Liva, arrested in Redwood City on a charge of driving while intoxicated, pleaded guilty to the charge and asked for probation when he appeared before Superior Judge Maxwell McNutt.

NEW MENLO COACH NAMED
Appointment of George ("Ad") Dewey of Palo Alto as head football coach of Menlo Junior College was announced today. Dewey, who has been assistant, succeeds Russell Sweet, resigned. At the same time, appointment of Elizo ("Buck") Van Dellen, former Stanford varsity halfback, as assistant, was announced.

Lambert Supports Better Housing Program Locally

Mayor Charles G. Lambert today issued a proclamation endorsing the Better Housing Program sponsored by the Federal Housing Administration for Saturday. Henry Witte of Redwood City is chairman of the local campaign committee.

Several homes are underway in Redwood City under the FHA program and ground for at least another will be broken Saturday.

Mayor Lambert's proclamation follows:

A PROCLAMATION
WHEREAS, the home is of supreme importance as the basis of our community life, constituting, as it does, an essential factor in the health and happiness of both present and future generations;

and WHEREAS, the Redwood City better housing program is helping our citizens to build new homes and to modernize homes which they now own—thus putting men back to work, and contributing in a concrete way to industrial and business recovery;

NOW, THEREFORE, I, C. G. Lambert, mayor of Redwood City, do set aside and appoint Saturday, the 15th day of June, 1935, to be known as Redwood City Better Housing Day, and I call upon

Merrill Secures Patents for New House Materials

George A. Merrill, prominent Redwood City pioneer, today announced that he has been granted patent claims for construction of monolithic buildings which are declared to be fire, earthquake, moisture and termite-resistant.

Merrill revealed that a six-room house of this kind was built at Red Bluff in the spring of 1934. Last summer and last winter it met all expectations, and the cost was only about 10 per cent greater than the cost of a framed stucco home, he said.

He plans to build a similar house in Redwood City in the near future. It will be intended as a demonstration for contractors, material men and mechanics.

The U. S. weather bureau estimates damage from hail storms in 1934 at nearly \$8,000,000—heavy since the estimated \$10,000,000 damage of 1930.

all our citizens to join with citizens of other communities all through the land in marking the day with appropriate observances, in order that the benefits of the better housing program may be brought to a still greater number of our people.

(Signed) C. G. LAMBERT.

\$84,000 Allotted To Sunnyvale Field

Sunnyvale air base won \$48,600 for repair and improvement of buildings and \$35,500 to repair and improve paving, roads, walks and grounds when the advisory committee on allotments under the new works program made public its recommendation to President Roosevelt for allocation of more than \$6,000,000 to the navy department to cover 147 projects, the Associated Press reported today.

Marine Island and the Marine Corps depot and naval reservation receiving station at San Francisco also received allotments.

Federal Men Hold Man in Jail Here

Charged with operating a still and selling liquor without having secured a federal license, Joe Fero, 33-year-old cook, was held in the county jail here last night by federal officials before being taken to San Francisco today.

In the bay city, he was to appear this afternoon before the United States commissioner to answer to the charge.

He had been arrested "at or near Palo Alto," according to the secretive federal officers, shortly after midnight last night.

'GRASS ROOTS' LAUNCH FIGHT ON ROOSEVELT

Midwest Republicans
Open 1936 Campaign
At Springfield

COLISEUM, Springfield, Ill., June 10 (AP)—Grass-root Republicans from 10 farm states today launched a midwest attack against the Roosevelt administration designed to carry into the 1936 presidential campaign a conservative "defend the constitution issue."

The setting of this unique farm belt rally was a national political convention in miniature.

Shot through the proceedings was the strategy of beckoning conservative Democrats to the Republican candidates next year.

The first big demonstration of the convention came when Harrison E. Spangler, temporary chairman and national committeeman from Iowa, charged that Roosevelt sought "to supplant the American system based upon liberty for another system based upon collectivism."

TRIBUNE 'AD' MEN CAPTURE TWO HONORS

McQueen Takes Prize For Merchandising Co-operation

George McQueen, advertising manager of The Tribune and Cliff Walk, assistant, "ad" man, returned from San Jose Monday following a three-day convention of the Advertising Managers' Association of California held at the Sainte Claire Hotel.

contest for presentation of the best example of merchandising co-operation rendered an advertiser. Walk won second prize in a "lay-out and copy contest" arranged by the association.

McQueen is president of the northern division of the organization and presided at the convention sessions.

Speakers at the affair included: Elliott Hansel, advertising director, Oakland Tribune; Nathan Danziger, advertising manager Golden State Co., Ltd. and Keene Fitzpatrick, special representative of the Chicago Tribune and New York News.

Kenneth Stacy, San Jose News and J. Paul Moore, Palo Alto Times, were in charge of the convention program.

Plans Proceed For July 4th Fete at M. P.

Plans are progressing for the Fourth of July celebration to be given by the Menlo Park and Belle Haven Posts of the American Legion at the Menlo Park picnic grove. A gate fee of 25 cents has been decided upon and children under 15 will be admitted free.

Picnic lunches will be served on the ground cafeteria style or basket lunches may be brought. Refreshments will also be available. The ladies' auxiliary will have charge of the ice cream and soda water.

Games and contests with prizes for the more skillful will be enjoyed during the day.

Commanders Bill Raithel and Lee Williams and Thomas H. White and George A. Evans are handling the publicity.

Lambert Home After Trip to Mid-West

Norbert Lambert, son of Mayor and Mrs. Charles Lambert, has returned from a motor tour of the Middle West. Among the many points of interest he visited were Boulder Dam, the Mormon Tabernacle in Salt Lake City and Grand Canyon. His trip took him as far as Nebraska. On the return trip home, he visited Mexico, the San Diego Fair and Los Angeles.

COURT ON LAWN! Injured Man Obligated AWARD IS GIVEN

If the witness can't go to court, the court will go to the witness! That apparently is the policy of Superior Judge Maxwell McNutt.

When Dr. R. J. Gerlough of Menlo Park, recently injured and still on crutches, was unable to climb the courthouse stairs to testify in a damage suit on Tuesday Judge McNutt moved court to the front lawn of the courthouse long enough for the doctor to testify as to injuries suffered by Bernice Baldwin of Palo Alto when her car and one driven by John Nilson of Atherton collided on El Camino Real.

Miss Baldwin won the case, being granted a \$430 judgment by Judge McNutt. She was represented by Attorneys Howe & Runwell of Palo Alto.

RECKLESS DRIVER FINED

SAN MATEO, June 11.—C. W. Brown, San Mateo barber, was sentenced to pay a \$75 fine or serve 30 days in jail when he appeared today before Judge Rockwell Stone on a reckless driving charge. According to testimony, Brown had speeded through the city business district late Saturday, narrowly missing pedestrians and machines. Brown chose to pay the fine.

Jenkins Unworried By Bond Firm Move

The recent unsuccessful attempt in superior court of the American Employers Insurance Company to cancel the \$150,000 bond it holds on County Treasurer Harry Jenkins has resulted in the firm's filing in the appellate court a petition for writ of mandate to compel Superior Judge Cotton to reverse his decision and release the bonding firm of responsibility.

In answer to the petition, Attorney Paul McCarthy on behalf of Jenkins has asked the appellate court not to grant the petition on the grounds that the insurance firm has not followed statutory provisions in not citing reasons for the release request.

Jenkins today declared that if the bonding firm cancels his bond, he can at once secure new security or personal bonds.

Independents to Get Charter This Evening

With Frank Abernathy, president of Home Owned Business Incorporated, making the presentation, a charter will be presented to the Redwood City Home Owned Independent Merchants' League tonight at a meeting to be held in the Central School on Broadway. The meeting is to start at 7:30 p.m.

Garden Tool Theft Leads to Jail Term

Because he took garden tools from private individuals for whom he worked, Joseph Lading, 60-year-old San Bruno gardener, must spend the next six months in the county jail, it was decided when he appeared late yesterday before Police Judge Rapsey in that city. Lading also had stolen a child's tricycle, it was revealed at the trial.

Builder Fined \$25 For License Lack

Floyd Howard, local contractor, was fined \$25 Saturday by State Building Inspector John Mannins for being without a license. Howard was working on a house in San Carlos when approached by the inspector, according to reports.

Overloading Charged To Truck Operators

SOUTH SAN FRANCISCO, June 13.—On charges of overloading trucks, C. O. Colletti, contractor who is widening an underpass in South San Francisco, will appear Monday, with his two foremen and 24 truck drivers, before Judge Wade H. Clay here. According to police reports, the trucks at work on the project have been loaded to excess in violation of a state traffic law.

Woodside Man Hurt As Hay Load Slips

Jack Neinaber, employed by C. B. Hale, Woodside rancher, was recovering at his home today from painful injuries sustained about 2 p. m. yesterday when a load of baled hay on which he was riding down a hill slipped and threw him onto the tongue of the wagon. Neinaber suffered several fractured ribs and possible internal injuries.

Pedersen Convicted In S. M. Dog Case

SAN MATEO, June 13.—Pedar Pedersen, San Mateo jeweler who was found guilty late yesterday by a jury here on a charge of keeping more than two dogs in violation of a city ordinance, will appear Saturday for sentence before Judge Arthur H. Stetson. Pedersen is expected to appeal the jury's verdict.

It was the second conviction for Pedersen on a similar charge, but the first conviction was reversed on appeal to the superior court.

Five Motorists Hurt In San Mateo Crash

SAN MATEO, June 11.—Five persons were injured, none seriously, in an auto collision last

evening in San Mateo when machines driven by Joe Altieri, Burlingame, and Wong Hing On, San Francisco, crashed. Altieri was cut on the head and On's passengers, Clarence Chin, Martin Lou and Fong Wah, were thrown to the pavement. On was slightly hurt. Altieri's car, according to police, jumped a curb, knocked over a fire hydrant and tore down 20 feet of fence after the accident. Approximately \$875,000,000 was spent in Europe by American tourists in 1929.

A healthy digestion is worth protecting . . .

keep yours healthy. Cook with CRISCO . . . it digests quickly . . .

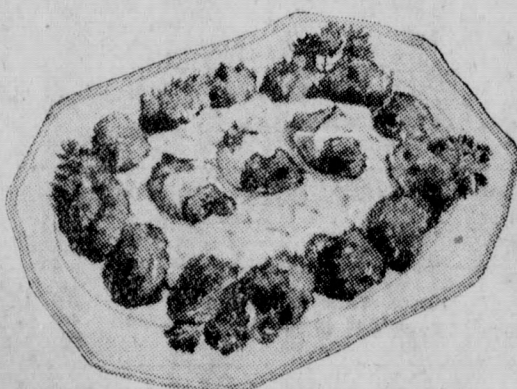

You'll find that Crisco-fried foods and Crisco pies are wholesome—they digest quickly. That's because Crisco is a creamy, light vegetable fat. It digests quickly itself!

Foods cooked with Crisco don't overtax the stomach. Even the appearance of Crisco foods tells you so. Crisco foods, properly fried, aren't soggy—they're so crispy that they look "dry-fried"! And Crisco pastry doesn't bake up greasy-soaked and brown—it comes out of the oven flaky and golden.

Crisco is made by Crisco's own secret process from pure vegetable oils. Crisco is made to keep fresh, sweet, and creamy. Don't bother to put it in the ice-box. Crisco keeps "quick-digesting" for weeks and months, you know!

Sold in sealed cans—to protect your health

BOSTON BELLES

3 medium-sized potatoes
1 cup dried codfish
1 beaten egg
¾ cup milk
Crisco for deep-frying

Pare and cube potatoes. Add codfish. Cover with water. Bring to boil. Drain. Add fresh water. Cook until tender. Drain and mash. Add egg and milk. Drop by tablespoons into deep Crisco heated to 375°F. (Crisco is right when it browns a cube of bread in 40 seconds.) Fry until brown. (Crisco makes fried foods digestible!) Drain on absorbent paper. Serve with Egg Sauce. Don't waste your deep-frying Crisco. Strain it clear and use it for frying again and again. Crisco keeps digestible.

Egg Sauce: Blend two tablespoons Crisco with 2 tablespoons flour. Stir in 1 cup hot milk. Cook slowly until thick. Stir to keep smooth. Before serving, add 2-chopped hard-cooked eggs and seasonings to taste.

All Measurements Level—Recipe tested and approved by Good Housekeeping Institute. Crisco is the registered trade-mark of a shortening manufactured by the Procter & Gamble Co.

RELIEF SHIFT NOT
TO AFFECT COUNTYOnly 8 Cases Will Be
Given to County
By SERA

Notice that California's counties will henceforth have to bear approximately 20 per cent of the state's total relief burden and be responsible for the care of its unemployables will not greatly affect the relief setup in this county, Capt. L. G. McAloney, county SERA relief director, said today. The state relief commission sent

the local board of supervisors a telegram in which it was explained that after June 30 the federal government will not allot funds to counties for any purpose except for relief of distress due to unemployment, leaving it to counties to take care of unemployables and provide hospitalization, medical and dental care for all relief cases, whether employable or not. But according to Captain McAloney, this county has only eight people which it would have to turn over to the social service division for medical care, and only about 15 unemployables, and even they can be used for light work on a bond project.

That the extra burden put on counties may cause some of them to exceed their last year's budget

by more than the 5 per cent allowed under the Riley-Stewart act was believed probable by the state relief commission.

"Should such excess expenditure require the consent of the state board of equalization, supervisors should be informed that the relief commission has received assurances that such requests for excess expenditures will receive the sympathetic attention of the state board of equalization," the telegram sent to the supervisors said.

But Captain McAloney said his budget already submitted took care of the extra burden thrust on the county by the state, with the result the county's budget would not be materially increased.

BEER, POOLE
STAND SAME
ON ENGINEERBullock Plans Early
Quo Warranto Test
For Marshall

As an answer to the suit brought Tuesday by Carl R. Scott to secure pay as county engineer pending final settlement of the status of the office in the courts, Attorney Joseph J. Bullock today announced that he immediately would launch a double-barreled court move to obtain the office for Urban S. Marshall.

Bullock said he planned (1) to seek permission to intervene in the writ of mandamus action brought in superior court by Scott, and thereby attempt to get the engineer's pay for Marshall, and (2) to institute "quo warranto" proceedings, through Attorney General U. S. Webb to secure the engineer's position for Marshall.

The latter action is a legal way of determining "by what right" the office is held by Scott, and if Bullock secures permission of the attorney general to institute the action, it would be heard in superior court.

McNUTT SETS DATE
Bullock said he would file the actions between now and June 20, date set by Superior Judge Maxwell McNutt yesterday for the hearing on Scott's petition for a writ of mandamus to force County Controller Edward M. Stack either to pay him his salary or show cause on that date why he should not.

Stack, ordered by District Attorney Gilbert Ferrell to hold up the engineer's pay pending settlement of who is engineer, will appear in court, defended by Ferrell, to "show cause."

Scott is seeking the writ through Attorneys Fred Combs and Ernest Wilson, asked for his pay as engineer at \$400 a month pending settlement of the legal status of the office.

VOTE REMAINS SAME
Supervisors Fred Beer and John Poole, who opposed the ouster of Scott, today denied to The Tribune that they had switched to Marshall and in event a hearing and subsequent fourth-fifths vote of the board were to be sought, would vote against Scott.

Beer also served notice that if County Executive Kellogg tried to turn his office over to Coroner William Crocker while the executive goes on his vacation this summer, the supervisor would strongly protest the move.

"Scott is engineer, isn't he?" Beer demanded. "As such, he should be the executive, according to the charter, while Kellogg is away."

'SAND GAZER' ATTRACTING
NO 'INQUIRY'

'Reverend Mr. Woods' Holds No Interest To Authorities

That "police of Redwood City and authorities of San Mateo county" have not "launched an investigation" into the affairs of Sam Woods, who conducts a "sand-gazing business" at 202 Finger avenue here, was the declaration of all the law enforcement officers today, in spite of an "expose" in a San Francisco newspaper to that effect.

Chief of Police Collins was out of town, but Sgt. Stanley Wood declared no complaints had ever been received at the local department against Woods. In fact, according to Sergeant Wood, he probably never would have known of the so-called fortune teller had not the similarity of their names resulted several times in telephone calls being received by the police officer asking for "appointments" for readings.

Sheriff James J. McGrath and his staff declared they had never heard of the "Reverend" Woods, much less having had complaints made against him or having launched an investigation into his "career."

According to the paper, A. J. Kane, head of the Kane Detective Agency, recently sent a female operator to Woods' home for a reading. The woman gave the fictitious name of "Mrs. Alta Rollins."

She claims she was given a \$3 reading that ended with a promise on the part of Woods that he could repair false and supposedly broken romance with her husband for \$100.

District Attorney Gilbert Ferrell said he "probably" would investigate the activities of Woods if he were asked by the city police to do so, but that as yet the matter had not been brought officially to his attention.

Mystery Girl's Name Learned By Officers

BURLINGAME, June 12.—True identity of "Patricia O'Neill," who leaped to her death from a hotel window here after keeping a tryst with an elderly man who disappeared, has been established, according to local police. She was Marie Schrabara.

She left her home in the East with another girl five years ago. Chief of Police J. J. Harper said he had learned the informant was the girl with whom Miss Schrabara had hitch-hiked across the continent, Harper said. She was located in San Francisco, Harper has wired authorities in the city where the dead girl formerly lived, he said, and was awaiting word from them today.

Pasadena Couple Hurt
In Mountain Accident

When another machine crowded their car off the grade and it turned over four times down a 50-foot embankment on the La Honda road late Saturday, William T. Blakely, 60, South Pasadena attorney, and his wife, Martha E. Blakely, also about 60, were badly injured.

After treatment at the local Emergency Hospital by Drs. Monroth and Mason, where it was found they both were suffering from brain concussion, the couple were removed to the Mills Memorial Hospital where today they were reported recovering.

The accident happened just above the arch on the mountain highway.

\$18,000 Contract
To Paint College Let

A contract to paint the interior and outside of the buildings at the St. Patrick's Seminary in Menlo Park, at a total cost of \$18,892 for labor and materials, was recorded in the county recorder's office here today. The firm of Ferdinand Terheiden & Brothers of San Francisco won the contract, which was let by The Roman Catholic Archbishop of San Francisco, owner of the property.

CARRIERS ENJOY PARTY
About 25 carriers of the Redwood City Tribune enjoyed a light supper and theatre party Tuesday. The carriers were guests of Thomas Kane, manager of the theatre, after the supper.

\$150 Alimony Given
Emerald Lake Wife

Alimony of \$150 a month was granted Mary Dubuc late yesterday by Superior Judge A. R. Cotton when she was awarded an interlocutory decree of divorce from Camille Dubuc. The jurist also granted Mrs. Dubuc's attorney, N. S. Menifee, \$100 fees, and assessed \$25 costs against Dubuc. The Dubucs, who live at Emerald Lake, had been married 31 years.

Hundreds of trees in swamps along the North Carolina coast have been killed by salt water that swept inland from the ocean during a terrific storm two years ago and failed to drain back.

Despite national reduction in all livestock in 1934, horses and sheep increased in Oklahoma. Peter Nelson, economist at Oklahoma A. & M. College, reported.

24-Year-Old Mother Of 4 Children Dies

Following a long illness, Mrs. Vera Gomes, 24-year-old wife of Pete Gomes and mother of four children, died at her home at 255 Linden street Monday.

Besides her children, Ruben, Arthur, Virginia and Arnold, Mrs. Gomes is survived by her mother, Margaretta Castro; two sisters, Grace and Eleanor and four brothers, Benjamin, Julian, Joe and Nasario Castro. She was a native of Fresno.

Funeral services will be held Wednesday at 9 a. m. from the Laying & Tinney Funeral Home. At 9:30 a. m. mass will be celebrated at Mt. Carmel Church. Interment will be in Holy Cross Cemetery in Menlo Park.

A queen bee will lay an average of 1,500 eggs a day during the breeding season.

Children Hurt As Bee Causes Car Accident

Attempting to catch a bee which had entered his moving machine, F. J. Smith, 33, of San Francisco lost control of the car and it turned over on the Bayshore highway just north of Belmont at 2:45 p. m. yesterday.

Injured when the automobile overturned were Smith's wife, Carroll, 2, and Eugene, 3.

All were treated at the local emergency hospital by Drs. Mason and Montelth for cuts and bruises.

AUXILIARY MEET SET

Regular business meeting of the American Legion auxiliary has been set for 7:30 p. m., preceding the Flag Day ceremony at 8 o'clock tonight, by Pres. Lillian Hall. The meeting and the rites will be both held in Veterans' Hall, Warren and Standish streets.

GRASS BLAZES KEEP TRUCKS ON STEADY GO

Warden Suspects Boys With Matches Back Of Some Fires

Seven grass and haystack fires here, two in the immediate vicinity of Redwood City, one at Woodside and two at Menlo Park kept firemen of this vicinity rather busy over the week-end.

In answering one alarm, Fire Warden Bert Werder reported that a motorist who turned in front of him at Five Points nearly caused the heavy fire truck to be overturned.

Two Redwood City fires occurred Saturday, one at 3:50 p. m. near the McKinley School and the other at 6:45 o'clock at Pennsylvania and Jefferson.

At 12:35 a. m. Sunday the firemen answered an alarm at Redwood avenue and Hudson. At 2:15 p. m. they were called to Copley and Arlington; at 8 p. m. to a garage fire at Clinton and James, where no damage was done; at 8:55 and 8:58 by two still alarms to the end of Broadway, and at 10:48 to lower Broadway. No damage was done by any of the blazes.

Fires outside the city, answered by Werder's truck, were at Palo Alto Park at noon and on the Marsh road near the Bayshore highway shortly before midnight.

Menlo Park department's two fires were near the Marsh road vicinity, while the Woodside alarm was a grass fire on the Sandhill and Walsh roads. It was at 2:30 p. m. Saturday.

Authorities are inclined to believe some of the haystack fires are being started by children. The local fires brought the total grass fires in Redwood City to 27 for the season.

Legion Auxiliary Council Meeting Set for June 20

San Mateo County Council of the American Legion Auxiliary will meet in Native Daughters' Hall, Kains and Masson streets, San Bruno, on Thursday, June 20, at 8 o'clock. Mrs. M. H. Brady, council president, will conduct the meeting.

Convention plans will be discussed, especially for the council drill team which is expected to make a brilliant showing in the convention competition.

Mrs. Lucille Soule of San Mateo is captain of the team and Mrs. Catherine Forman of Daly City is business manager.

With strenuous weekly drilling and frequent performances in both San Francisco and San Mateo counties, the team is continually perfecting form. A silver cup was recently won at Daly City in competition arranged by the Druids, by the team and is a prized possession.

Tuesday evening the team paraded for the shut-ins in San Francisco and on Memorial Day took part in the services at San Mateo and Daly City.

San Bruno unit will be hostess to the council and a social hour with refreshments will conclude the evening.

Grays Harbor, Wash., lumberjacks tell of a bluejay camp robber that carried off a full-sized doughnut in its beak.

Nerve some of the haystack fires are being started by children. The local fires brought the total grass fires in Redwood City to 27 for the season.

EX-CONGRESSMAN FIGHTS ALVISO PORT PROPOSAL ON BEHALF OF SHIPPER

Refers to Santa Clara Development As 'Crazy Dream'; Bay Freight Line Sees Loss of Trade

With former Congressman Arthur M. Free of San Jose calling the San Jose port project at Alviso a "crazy dream," the Santa Clara county development has suffered a serious setback today.

Free was severely criticized for his stand on the San Jose port development because while in congress he had given it his wholehearted support.

The row which has broken over the Port Alviso project was viewed in San Mateo county as

advantageous to the Redwood Harbor development, which is generally recognized to be sound and far superior to that proposed by Santa Clara county at Alviso.

FREE'S POSITION

Free's position on the San Jose port project was revealed at a meeting of the Santa Clara County Board of Supervisors meeting on the petition of the San Jose Chamber of Commerce to form a San Jose Deepwater Port District.

The district is necessary so that the federal government can loan the funds for the \$1,075,000 Alviso project.

So heated became the San Jose debate that the board found it necessary to defer action for an indefinite period.

Coming as a side issue to the petition by the Bayshore Freight Lines for the exclusion of its property from the proposed district.

Fred L. Fehren, San Jose real estate man and Arthur M. Free, attorney for the freight lines engaged in a bitter verbal set-to.

It all started when Fehren said: "Mr. Free did some wonderful work for us while in congress. He said nice things about the port in his letters and speeches. He now says a port would be a losing proposition, but then he said it would be a paying one."

Called "CRAZY DREAM" Free entered into an attack on the port project and Fehren when the real estate man intimated that Free was changing his stand because he was now employed by private capital.

The former congressman called the present project a "crazy dream." He said in the original report of the army engineer called for a spreading of the tax burden for a district throughout the county and not "to shove it down the throat of a little bit of a district."

Since I have been brought into this, I am going to beat it," Free said.

IN PERSONAL CAPACITY John S. C. Ross, president of the San Jose Chamber of Commerce and ardent worker for the project, explained that Fehren acted in his individual capacity and not as a representative of the chamber's port committee.

Largely because of the bitterness that was engendered during the session the supervisors delayed action.

Ross told the supervisors in answer to Free's statement that a \$7,000,000 expenditure was being contemplated for the port, that such a plan has been definitely abandoned and that present plans call only for an expenditure of \$1,075,000 of which the federal government will provide \$675,000 as a grant with the remainder to be covered by bonds.

"We are firmly convinced that we should move into action at once. All great cities are port cities," Ross said. The chamber of commerce president stated that lack of port facilities endangered existence of San Jose industries.

Council Considers Refinancing Plans

Further consideration was given Tuesday at a special meeting of the city council in Mayor Charles G. Lambert's office to plans for meeting the 1915 debt variously estimated to run from \$150,000 to \$175,000 after July 2.

The council heard J. C. Youngberg, of Stone & Youngberg, San Francisco securities house, outline several possible procedures.

Youngberg informed the board that he could not determine just which plan would be best from the standpoint of both the city and the bondholders until he had at his fingertips detailed information concerning each 1915 act assessment.

This information should be gathered by his or some other concern, he said, before an intelligent plan can be determined upon. Youngberg asked a salary of \$3000 for directing the study and preparing a report as to the best procedure.

Special meetings of the council are being held for the purpose of deciding upon a course that will satisfy bondholders and avert mandamus actions which might step up the tax rate to confiscatory levels.

Five and a half per cent of the total population of the United States consists of persons more than 65 years of age.

Sorrowing Group Attends Funeral Of Crash Victim

A grief-stricken mother, sorrowing relatives and dozens of friends on Wednesday paid a last farewell to Albert William ("Al") Sullivan, victim of a tragic automobile accident near San Carlos Monday night.

The Rev. George W. Phillips of the Tenth Avenue Baptist Church, Oakland, was in charge of the funeral rites at 2 o'clock at the Laying & Tinney Funeral Home.

Many flowers surrounding the casket attested to the popularity of Sullivan, former Sequoia high school journalism student who lived in North Palo Alto.

Sullivan, who was 18, was instantly killed when the machine he was driving crashed into the rear of a truck on the Bayshore highway. He died of a basal skull fracture.

Injured in the crash were Katherine ("Kay") Wheaton, her sister, Mary Elizabeth Wheaton, and Robert Steiner, all recent graduates of Sequoia high school. Mary Elizabeth was expected to be confined in the hospital for several more days. Steiner's injuries did not require hospital treatment.

SEVEN ESCAPE DEATH When a truck loaded with peas and carrying six Mexican pickers and the driver crashed through a bridge on the Ralston road three miles east of San Gregorio Saturday afternoon, one of the Mexicans was seriously injured. The bridge is on the road which residents of that district recently petitioned the board of supervisors to take into the county system.

Early examples of veneered furniture can be traced to ancient Egypt, when it was made for kings.
